Lock-Down Mechanism

Space Utilization Advantages

Equipto's High Density Storage System combines the benefits of high-density storage with the flexibility of V-Grip™ Shelving, modular drawer and bulk rack. By reducing the number of access aisles, you can save as much as 50% of your floor space or double your storage capacity in the same space you are currently using. Equipto also offers a unique locking system to provide you with the added safety and security when needed.
